## PREFACE

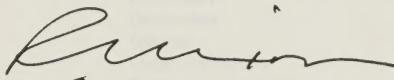

This is the second of a two-volume demographic report prepared by the Ministry of Treasury and Economics on the new Provincial Electoral Districts which were established in 1986.

It uses data from Statistics Canada's 1981 Census and includes information on labour force, income, education and mobility.

As with Volume I, published in February 1987, readers should be aware that some statistics had to be estimated because the boundaries of electoral districts do not follow precisely those used in the Census.

Staff of the Sectoral and Regional Policy Branch of the Office of Economic Policy were assisted during the first phase of this project by summer students who made a valuable contribution to both volumes.

Enquiries about the study may be directed to Jan DePoe, Senior Policy Advisor, 4th Floor, Frost Building North, Queen's Park, Toronto, M7A 1Y7 or (416) 965-0955.

## PRÉFACE

Voici le deuxième et dernier volume du rapport démographique préparé par le ministère du Trésor et de l'Économie et portant sur les nouvelles circonscriptions électorales provinciales délimitées en 1986.

Il contient des données provenant du recensement effectué en 1981 par Statistique Canada et comporte des renseignements sur la main-d'œuvre, les revenus, les niveaux d'études et la mobilité.

Comme pour le volume 1 publié en février 1987, les lecteurs devraient savoir que certaines statistiques découlent d'estimations parce que les limites des circonscriptions électorales ne correspondent pas exactement à celles ayant servi au recensement.

Le personnel de la Direction des politiques sectorielles et régionales du Bureau des politiques économiques a bénéficié, au cours de la première phase de ce projet, de l'aide d'étudiants embauchés pour l'été qui ont contribué substantiellement à l'élaboration des deux volumes.

Pour de plus amples renseignements, on peut s'adresser à Jan DePoe, première conseillère en matière de politiques, au 4<sup>e</sup> étage de l'édifice Frost Nord à Queens Park à Toronto, M7A 1Y7. On peut également téléphoner au (416) 965-0955.
